# FROM OUR FOUNDERS

## WE BELIEVE...

- ✓ **HARD WORK SHOULD BE RECOGNIZED.** During college, we worked tirelessly to make extra money. Babysitting, piano lessons, tutoring — we were committed to these jobs, and yet many were too brief to include on our resume. **QuadJobs** tracks every job a student takes — whether it lasts a day, a week, or a year — and gathers performance reviews from employers. We wanted to give a student's work ethic the spotlight it deserves.
- ✓ **SMALL JOBS CAN LEAD TO BIG OPPORTUNITIES.** When a student does a job well — even just cleaning out a garage, or serving food at a holiday party — he or she makes a valuable connection with an employer in the community. A stronger network = better job opportunities after graduation.
- ✓ **LOCAL BUSINESSES BENEFIT FROM ACCESS TO SMART, FLEXIBLE HELP.** **QuadJobs** allows local businesses to tap into the incredible talent pool on college campuses in their community. It's easy to hire the right student for a specific job. We used students to build our own business, and they consistently exceeded our expectations and added real value.
- ✓ **WE ALL NEED SUPPORT SOMETIMES.** One week, we're looking for a terrific math tutor. The next, we need help moving some furniture. No matter the task, our employers can count on a student from **QuadJobs** to make life easier.

## FROM OUR STUDENTS

### COLD HARD CASH

**MATTHEW P.**  
FAIRFIELD UNIVERSITY

My parents weren't able to pay for my college so tuition falls on me completely. **QuadJobs** has helped me alleviate some of my financial pressure and also helped me manage paying some of the interest payments on my loans.

### TOTAL FLEXIBILITY

**ABBEY B.**  
NORTHWESTERN

My lacrosse schedule on top of my regular school schedule is demanding and inconsistent. There is no way I can get a regular part-time job. But **QuadJobs** allows me to work on those random Thursday nights or Sunday afternoons that I actually have off. Utilizing **QuadJobs** is honestly one of the best decisions I've made.

### CONNECTIONS CONNECTIONS

**AMANDA C.**  
SACRED HEART UNIVERSITY

Being a finance and economics major, I've been able to make a lot of connections and get a lot of advice regarding the financial industry. I've even had **QuadJobs** employers put me in contact with people in their company or in their industry for internships.

## FROM OUR EMPLOYERS

### HARD WORKERS!

**HEATHER** NEW JERSEY

I am beyond thrilled with the help I got from using **QuadJobs**! Laura did everything I asked and beyond. She was such a great help that all my family members asked if she could help at their parties too!

### EASY TO USE

**KATIE F.** NEW YORK CITY

We needed extra hands quickly, and **QuadJobs** connected us to fantastic college students in an efficient and streamlined way. Can't wait to use **QuadJobs** at home as well

### ABOVE AND BEYOND

**LYDIE B.** CHICAGO

Shannon comes ready to play (even in the 20 degree snow!) with games and adventures in mind. She is super thoughtful, attentive and hard working. It is not uncommon for us to come home to a clean house, laundry washed and folded, with sleeping kids. She goes above and beyond each time.

### GREAT PEOPLE

**CAMERON** FAIRFIELD COUNTY

I first met Mitchell when I hired him to organize my magazine collections. I was so impressed with his work ethic and professionalism that I would love to help him find a job when he graduates.
